The association EMA organizes the German-Arab Environment Forum in Jordan

Hamburg, 04 September 2013 – In continuation of the “Environment Forum for the EMA Region” which was successfully established in 2011, the EMA, as an association dedicated to Euro-Mediterranean cooperation in sustainable development cooperation, extends an invitation to Jordan:

The German-Arab Environment Forum
Concerted Action for Sustainable Green Growth
9-10 September 2013, in the Amman Chamber of Commerce
11 September 2013, in Aqaba
www.ema-germany.org/go/environment

In cooperation with the EMA’s Honorary President, H.R.H. Prince Hassan Bin Talal, Hashemite Kingdom of Jordan, H.E. Senator Riad Safi, President of the Amman Chamber of Commerce, and H.E. Dr. Khaled Najeb Elshuraydeh, Secretary General of the Higher Council for Science and Technology, and with the kind support of Aqaba Special Economic Zone Authority (ASEZA), the Forum will join several hundred high-ranking decision-makers and business representatives from Germany and the entire EMA region, amongst which are:

- H.E. Prof. Dr. Mohammad Hamed, Minister of Energy & Mineral Resources of the Hashemite Kingdom of Jordan
- H.E. Abdo Razazz Saleh, Minister for Water and Environment of the Republic of Yemen
- H.E. Dr. Khaled Najeb Elshuraydeh, Higher Council of Science and Technology, Jordan
- H.E. Hatem Al Halawani, Minister of Industry and Trade, Hashemite Kingdom of Jordan, and Chairman, Jordan Investment Board
- A Delegation of German entrepreneurs, led by the EMA-President, Ms. Adelheid Sailer-Schuster

Under the motto “Concerted Action for Sustainable Green Growth”, the EMA builds on the success of her previous Forums and, once again, provides a platform for top-class representatives from the political sphere, science and the economy to extensively exchange ideas with regard to innovative solutions to pressing global challenges, such as scarcity of water, waste problems and the path to sustainable energy provision.

The focus of this year’s event will be placed on the themes energy and water management, climate change and eco tourism, sustainable resource management and the recycling economy as well as the German-Arab cooperation in research and development.

Germany’s expertise, know-how and professionalism have an excellent reputation in all areas of sustainable environment management. The forum offers access to valuable contacts and valuable input with regard to possibilities of project funding.
